

I AM NORMAN MICHAEL BARLING, A PRACTICING ATTORNEY WITH OVER 45 YEARS EXPERIENCE.

MY CORE AREA OF EXPERTISE IS THE HIGHLY SPECIALIZED FIELD OF CORPORATE DEBT RECOVERY. I ASSIST CLIENTS WITH RECOUPING CORPORATE DEBT ON A 'COMPLETE COLLECTIONS' BASIS, WHICH INCLUDES THE OUTSTANDING CAPITAL, INTEREST AND FEES INCURRED. I OFFER A FULL TURNKEY COMMERCIAL RECOVERY SERVICE THAT DELIVERS EXCELLENT RESULTS.

As part of my corporate recovery service, I also advise clients on credit applications to ensure that they are properly drafted to eliminate potential legislative restrictions on the client's ability to recover commercial debt, such as those brought about by the National Credit Act. This increases the likelihood of successful recovery of all outstanding corporate debt and associated costs, including interest.

A further feature of my holistic commercial recovery service offering is the identification of the best possible corporate debt collection strategy for each particular client. Often this also includes locating debtors' assets to be sold to recover outstanding debt.

The corporate debt collection process I follow is specific to each client and each hand-over has its own set of facts and laws to be considered and assessed before appropriate action is decided.

I handle each and every case personally, ensuring that you work with me and not junior or unqualified staff.
